DBCS YEARBOOK 2017
"Update"

Since this is a new company for DBCS this year, we will gain knowledge as we use the program. Here are a few suggestions to help make your picture contribution easier and more efficient for the Yearbook Club:

1. Photos added to your personal folders will not be seen by anyone else as long as you <u>select private</u>.

2. Photos added to the shared folders can be seen by our entire school as long as you select <u>everyone can view</u>. Those photos can be used in other student's personalized pages and can also be considered for the standard yearbook pages. Once pictures are uploaded to shared folders they can only be deleted by the Yearbook Club.

3. Please upload your pictures that you are sharing to the <u>pre-existing folders</u>. If you create a new folder, the yearbook team will have difficulty trying to access those pictures.

4. Uploading can be made easier for you by downloading the **TreeRing App**. This allows you to upload pictures right from your phone!
